

Soccer Statistics

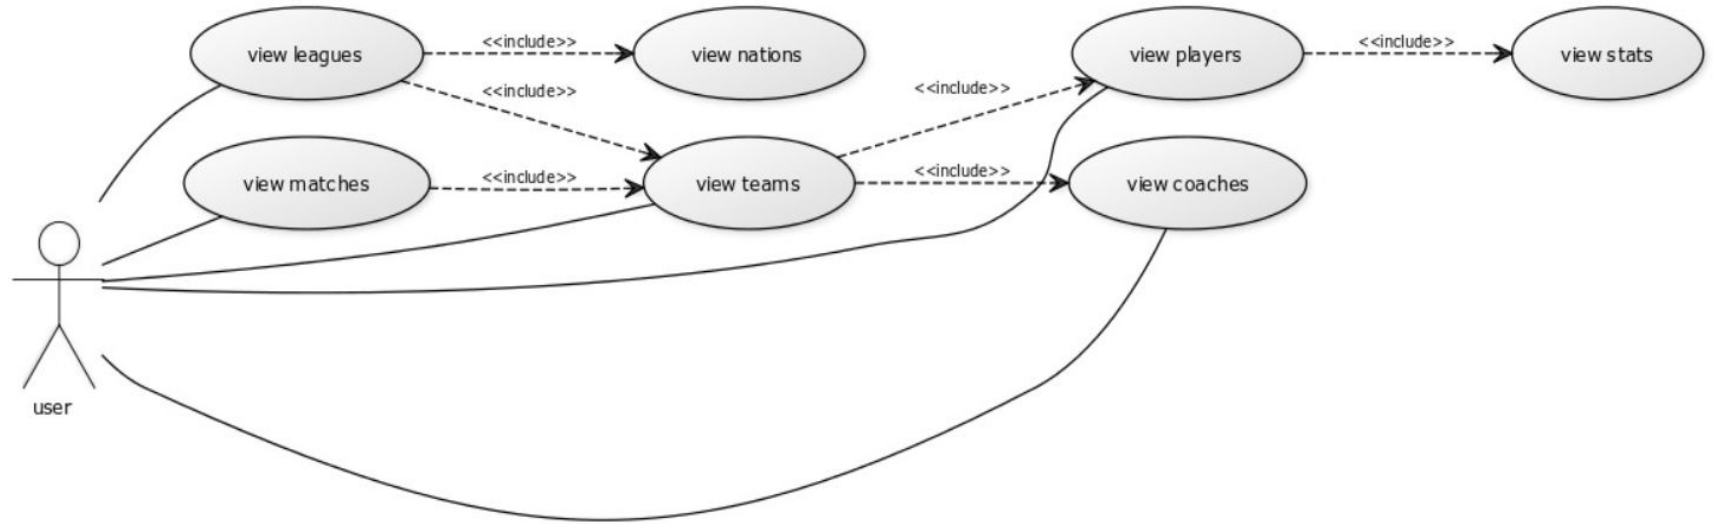

Raul Pena & Ivan Tinoco

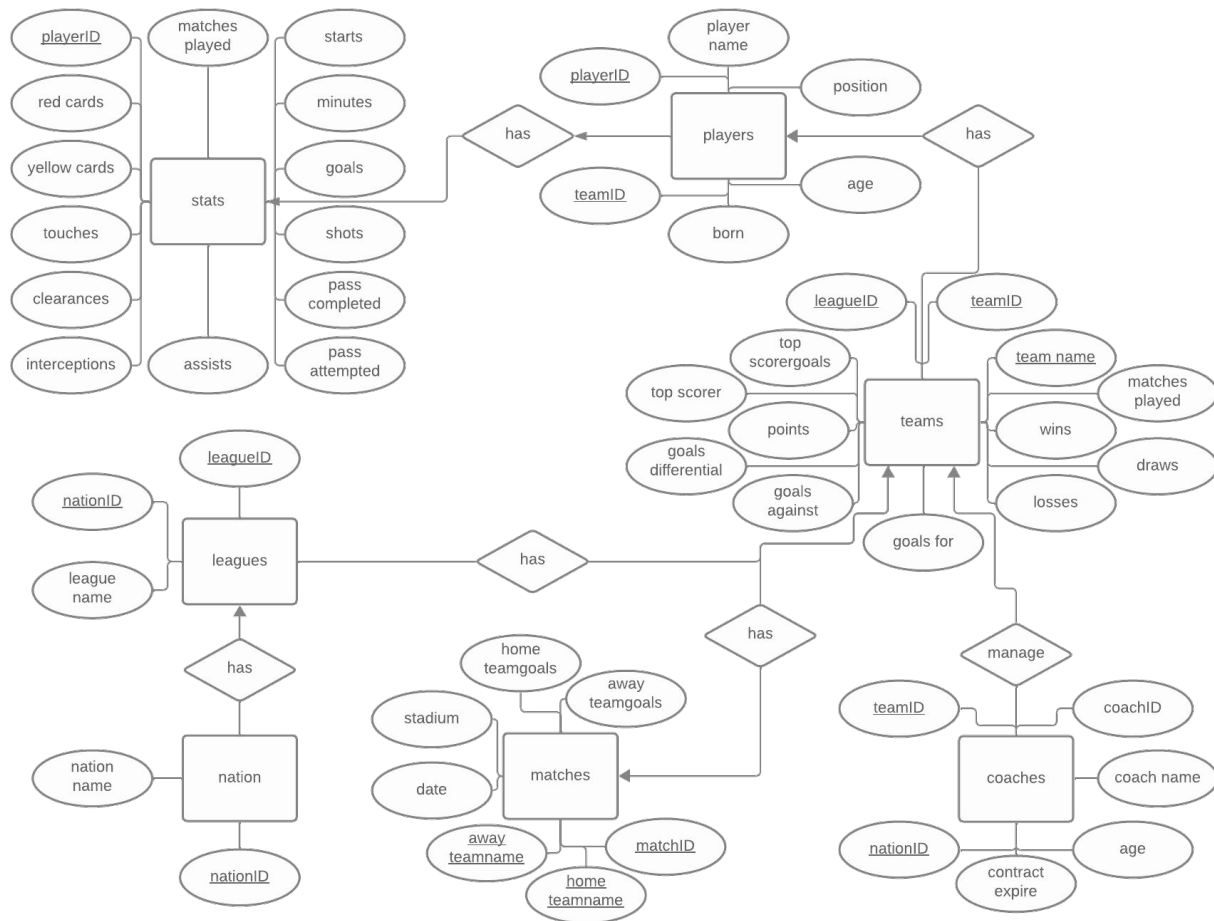

System Description

- We made a database of soccer statistics
- A few things users can find:
 - Team rosters
 - Team stats
 - Match stats
 - Individual players stats
 - Leagues
 - Among others...

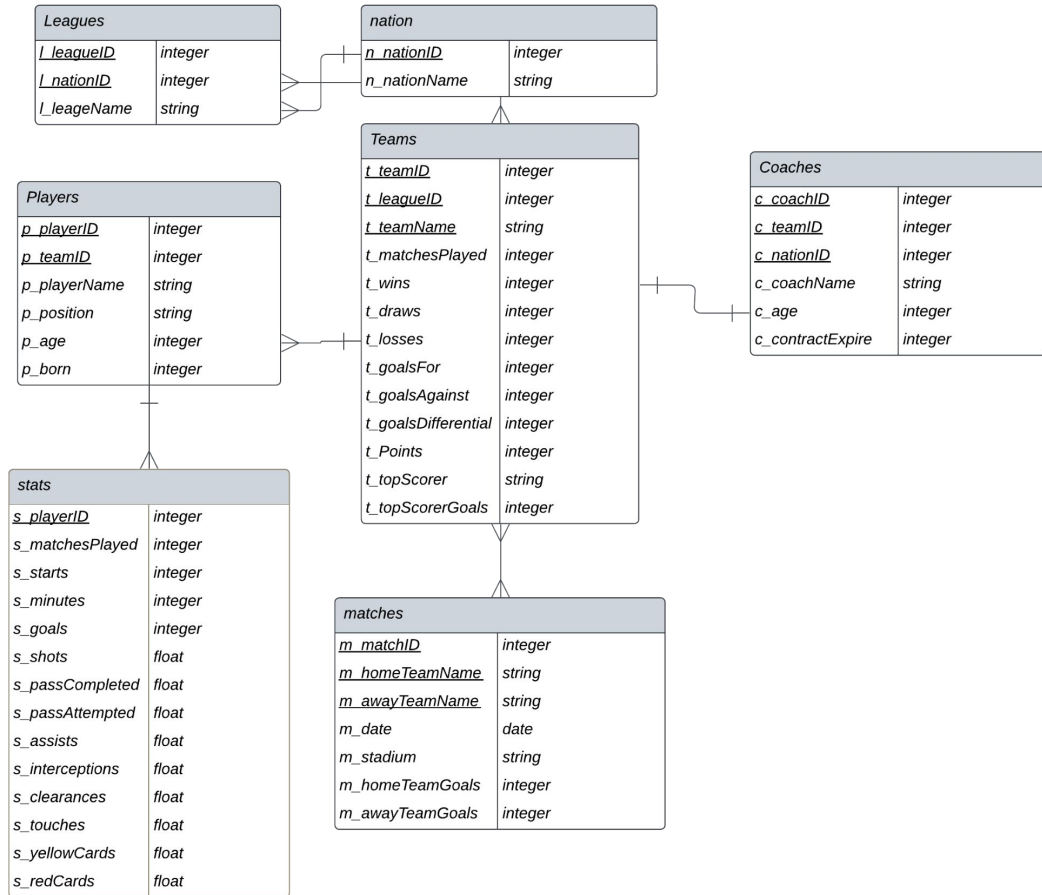

USE-CASE DIAGRAM

E/R DIAGRAM & SCHEMA

Relation Specification

Implementation Details

- We used the terminal and our SQLite database we built.
- We then integrated SQL queries with Python for the application.

Demo Time

Thank you for time!
